GLOBAL WATER RESOURCES (GWR)
CODE OF PRACTICE
GWR-CP-EX-043
Low Income Relief Program

PURPOSE

The purpose of this code of practice is to define the Low Income Relief Tariff (LIRT) for Global Water Utilities and establish the process for funding and distributing the assets of the Low Income Relief Program (LIRP). Funding for the LIRP includes a customer surcharge and a Company match. Company is owned by Global Water Resources (Global).

RULES

Funding the Program

The Arizona Corporation Commission (ACC) has approved the Low Income Relief Tariff which is funded equally by Global Shareholders and Global Customers. The initial LIRP is capped at \$100,000 total annual funding (shareholder and customer funds) across all of Global's Arizona utilities. Monthly program funding is composed of equal parts consumer-generated funds and Company match.

Surcharge

The consumer-generated funds result from a LIRT surcharge assessed on a monthly basis for each actively billed account, per utility, designed to yield \$50,000 of consumer-generated funds per year. Consumer-generated funds from the previous year in excess of \$50,000, if any, shall be deducted from the desired annual yield when determining the LIRT surcharge. The monthly LIRT surcharge will be determined in November of each year for the next year, and be based on the number of active connections as of 30 September. Company will file notice of the surcharge with the ACC on or before 30 November. The new surcharge will have an effective date of 1 August 2011.

Company Match

The Company will contribute an amount equal to that contributed by rate payers. Funding contributed by the Company will be used to cover the program Administrative expenses, with the remainder being used for approved LIRP distributions. The match will be made at the end of each calendar month, and the monthly match is limited to \$4,167.00 total for all Global's Arizona utilities.

Effective Date: 26 February 2014
Decision No: 74364
Docket No: W-01212A-12-0309

Disposition of Funds

LIRT surcharge funds will be allocated on a monthly basis into a separate LIRT general ledger account. At the end of each calendar month, the Company will provide an equal match of the LIRT surcharge funds, not to exceed \$4167.00 per month. The combined LIRT surcharge funds and Company match will be transferred to the Arizona Community Action Association on a monthly basis, for distribution through qualified Community Action Programs.

The LIRP will be reviewed by the ACC during each subsequent rate filing made by Company.

Administration

The Arizona Community Action Association (ACAA), a 501(c) 3 non-profit agency, will administer the Global Water Low Income Relief Program. The ACAA will coordinate the LIRP with the Community Action Program (CAP) Agencies that assist low income customers to benefit qualifying Global customers. All funds, less ACAA and CAP program administration fees, will be used directly by CAP agencies for bill assistance provided to qualifying Global Customers. The ACAA will work closely with Global Water to determine the appropriate budgets for each CAP agency.

ACAA will make distributions to CAP agencies at least every 6 months.

The available funds are distributed based on a first come, first served basis.

Reporting

The ACAA will provide monthly reporting to Global Water including but not limited to the following:

- Total funds received from the Company
- Total funds distributed to CAP agencies
- The number of households receiving assistance in each Utility's service territory
- Demographics of the households receiving assistance
- Account Balance

The Company will provide annual reporting to the ACC including, but not limited to the following:

- Annual ACAA Report
- Total LIRT funds collected
- Total Company match

The annual report will be submitted on or before 30 April.

Governance

The Company-appointed LIRT Program Manager will regularly attend the ACAA Executive Committee meetings, to ensure fund investment and policy decisions are consistent with the initial intent of the LIRP program design.

Qualifications

The program is designed as a short-term relief program. The program provides assistance to residential customers in the Global Utilities' service areas for their primary legal residence only. To qualify, applicants must:

1. Have no history of utility tampering (cutting locks, water theft, etc.).
2. Have made a sincere effort to pay (payment plan in place).

Benefit amounts are capped at \$250/year per customer. Funds may be used for any of the following fees incurred by the customer: deposits, late fees, reconnection fees, service fees, returned payment fees, after-hours service fees (where applicable).

Notification

Global Water will provide notification to customers about the LIRP through the following:

- Bill stuffers
